CENTREPIECES AND DOILIES

Explanation of Stitches

CHAIN (ch). With a slip knot on the needle, draw thread through this loop; again draw thread through this second loop and continue until the chain is of the length required.

SLIP STITCH (sl). Having a st on the needle, put hook through work; draw thread through work and loop on needle at the same time.

DOUBLE (d). Having a st on the needle, put hook through work, draw thread through work (making two loops on the needle); thread over again and through both loops. (This stitch has been, especially in wool crochet, called "single crochet." But it simplifies crocheting to call it "double crochet," after the custom of workers in Irish crochet; and that eliminates entirely the name "single crochet").

HALF TREBLE (ht). Having a st on the needle, thread over needle, hook through work, thread over and through work, (having three sts on the needle), thread over and through all three sts at once.

TREBLE (t). Having a st on the needle, thread over needle, hook through work, thread over and through work (having three sts on the needle), thread over and through two loops, thread over and again through two loops.

DOUBLE TREBLE (dt). Having a st on the needle, thread over twice, hook through work, thread over and through work, (having four sts on the needle), thread over and through two, over and through two, over and through two.

LONG TREBLE (lt) or TRIPLE TREBLE (tt). Like double treble, but thread over three times, and after thread through work, crocheting off by twos.

QUADRUPLE TREBLE (qt). Thread over four times, and crochet off by twos. Sometimes "lt" is used for anything longer than dt, and the number of loops given.

PICOT (p). A p is formed on a ch by joining the last four sts (or any given number) in a ring by working a sl or a d, in the fourth st from hook. In the following directions a sl is understood unless otherwise designated. In a few cases the picot is joined by a treble, but it is so stated in the directions.

CLUNY STITCHES, or GRACES of CLUNY. Two, three, or four (any given number) trebles, dt or lt are crocheted off, except the last loop of each, which is kept on the needle and one loop drawn through all together.

ROLL STITCH is made as follows: Thread over needle a given number of times, thread through work, thread over and through all the loops (but not through the st on the needle), thread over and through both on needle. The needle for roll st should be of uniform thickness a considerable distance from the hook.

BLOCK of 4, or BLOCK of 3, etc. A given number of t, dt, or lt worked without ch between.

SHELL. A group of t, ch 1 (or more), the same number of t, all joined in the same st or over same ch, as (4 t, ch 3, 4 t). The number of t, as well as number of ch, may vary. "Shell over shell," the t are all made over ch of shell below.

KNOT STITCH (k st). To make a k st draw out the st on the needle until it is about ¼ of an inch long, catch working thread and draw through st, insert needle in front of the long st, and under the threatl which was drawn through, and make one d. Two ks are usually made for a mesh, then joined to the work with a d. Second row of k st, * make 2 ks, join with d under the two threads of next open st and close to knot, one d in next open st (after k); repeat from *

Directions for Working

Where the words "**C**rochet Cotton" are used in the text of this book, the cotton referred to is the hard-twisted cotton known by such trade names as **C**ordonnet, **C**ordonnet Special, Cordichet, Kord-net, etc., which can be purchased wherever needlework supplies are sold.

In working by the following, or any directions in fact, allowance must be made for the different tension of workers, and in the matter of chain stitch especially. Those who crochet rather loosely may find it advisable to make one less chain stitch in various places; while those who crochet tightly may find it an advantage to add one or more chain stitches in places. This adaptation is more necessary in circular work than that of straight rows.

Since crochet-hooks vary, even in the most carefully graded kinds, it follows that only suggestion and not absolute directions can be given for the selections of crochet hooks or needles. One worker may require a much finer needle to produce the same result that another secures with a coarser needle. The size of the needle has been recommended in some cases by the original worker; sometimes by one who has tested a sample of the work; and in some cases a size has been suggested from a general knowledge of the work.

It has not always been possible to give material actually used; some are given exactly, some are estimated, while some are left to the choice of the worker.

Figure 1. Between-Meal Cloth. *Materials.*—No. 20 or 30 crochet cotton and No. 10 crochet needle.

TO MAKE THE CONE.—Begin at the middle of bottom of cone with 20 ch. *1st round*—Miss the first st and work 19 d, one in each ch, ch 9, work around on the opposite side of the foundation with 19 d, ch 4, work on around with 19 d, back to bottom of cone. *2d round*—Turn with 7 ch, and work "slipper st," (1 d in each, taking up the back loop), 19 d over 19 d, over the loop of 4 ch make a shell (2 d, ch 4, 2 d), 19 d along the side down to the bottom of the cone. *3d round*—Turn with 7 ch, 21 d over 21 sts, over 4 ch make a shell, 19 d over 19 d, miss 2 sts. *4th round*—Turn with 7 ch, 21 d over 21 d, make the same shell in each round over 4 ch, 21 d over 21 d, miss 2 sts. *5th round*—Turn with 7 ch, 23 d over 23 d, shell over 4 ch, 21 d over 21 d, miss 2 sts. *6th round*—Turn with 7 ch, 23 d over 23 d, shell over 4 ch, 23 d over 23 d, miss 2 sts. *7th round*—Turn with 7 ch, 25 d over 25 d, shell over 4 ch, 23 d over 23 d, miss 2 sts. *8th round*—Turn with 7 ch, 25 d over 25 d, shell over 4 ch, 25 d over 25 d, miss 2 sts. *9th round*—Turn with 7 ch,

27 d over 27 d, shell over 4 ch, 25 d over 25 d. This completes the solid part of the cone; without breaking the thread, make the lace for margin as follows: —

1st round—Ch 5, 1 d over first loop at bottom of cone, * ch 4, 1 d over next loop *, make from * to * 8 times altogether, * 5 ch, miss 4, 1 d over next st (taking both loops) *, make from * to * 5 times altogether, ch 5, 1 d over 4 ch, ch 5, 1 d over same ch, make 5 more such meshes down the other side of the cone. *2d round*— * Ch 2, 1 t over the first loop, ch 3, 1 t in same loop *; repeat 15 times more (the last group is the loop at the top of the cone), ch 3, 1 t over same loop, ch 2, 1 t in next loop, ch 3, 1 t in same loop, making 4 more such groups down the other side of the cone. *3d round*—Ch 2, * 2 t in loop of 3 ch, ch 3, 2 t in same place, (from * is called a shell), make 22 shells all around with 2 ch between. *4th round*—Make 22 shells like the 3d round, except make 3 ch between shells. *5th round*—* Ch 3, 1 d over the ch between shells, ch 3, 1 d over ch of 3, ch 5, 1 d over same ch, ch 5, 1 d over same, ch 5, 1 d over same; repeat from *, making 22 groups of picots. Cut and fasten thread. Join each cone to the preceding one by 4 corresponding picots; this is shown clearly in the illustration.

WHEELS. — Commence a wheel by winding the cotton 25 times around the first finger of the left hand, slip the strands off the finger, and make 48 d over the ring, join with sl, * ch 4, miss 2 sts, 1 t over next d, ch 5, join with d in top of t last made, make 2 more picots of 5 ch, joined in same place with a d, ch 3, miss 2 sts, 1 d over next st; repeat from * until there are 8 triple picot loops around the wheel. Each wheel is joined to the others and to the cones when being finished; the illustration makes this clearer than any description could. Make enough cones joined together, and wheels to correspond, for the size wanted; when they are joined, finish the inside line with ch st and cover ch with doubles. Then the linen can be fitted and buttonholed in place.

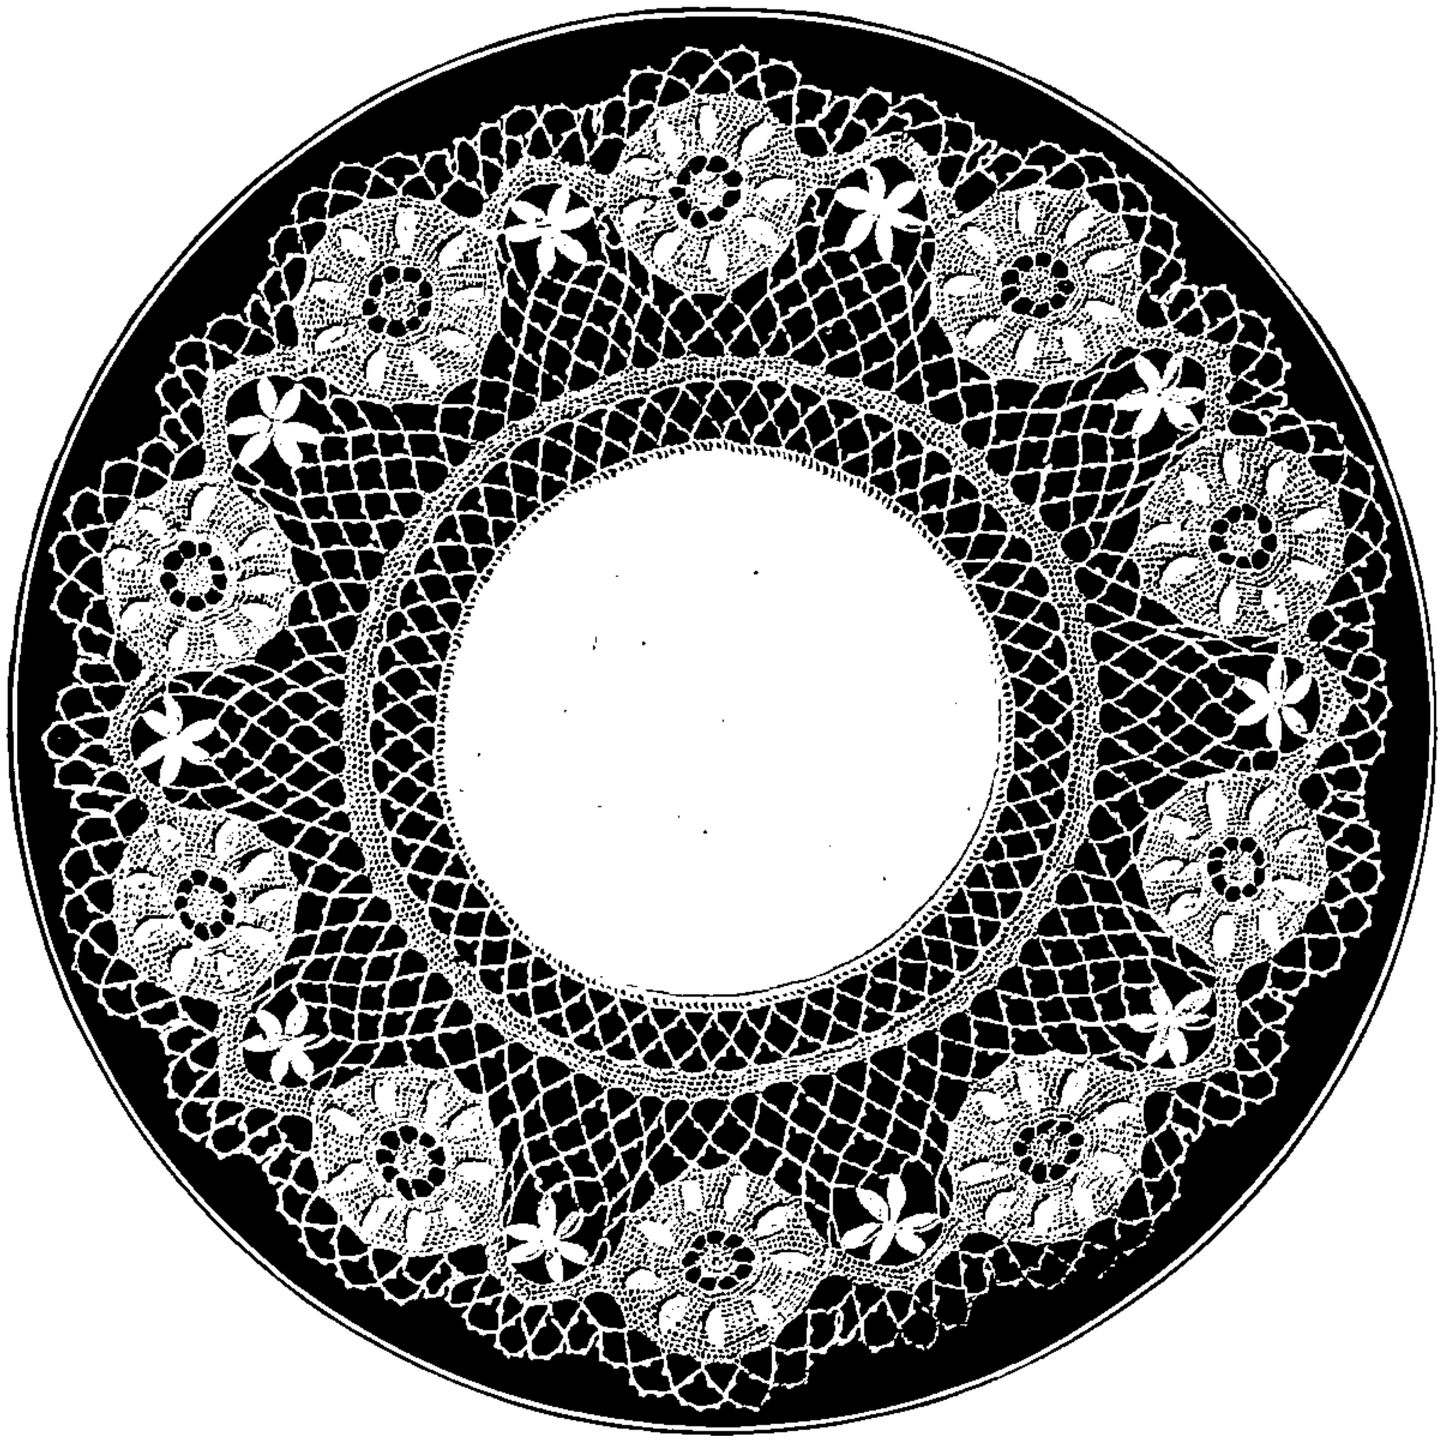

FIG. 2. CENTREPIECE WITH CLUNY CROCHET. See page 4

Figure 2. **Centrepiece with Cluny Crochet.** — The secret of the beauty of this crochet, which rivals the handsomest Cluny lace, lies in the use of a very coarse crochet needle with fine thread, and a fine needle with coarse thread.

Materials.—Two spools white linen thread, No. 40 and No. 100; two steel crochet needles, No. 12 and No. 2; linen centre, ten inches in diameter.

Shrink and press the linen and draw a circle 10 inches in diameter. With sewing-needle and No. 40 thread (linen) run around this line very evenly three times, keeping threads close together. Buttonhole with the same thread; the work should be ⅛ of an inch deep when finished. Cut away the linen. *1st round*—With No. 12 needle and No. 40 thread make double crochet around buttonholed edge, with 1 ch between sts, join neatly with sl. *2d round*—* Ch 3, picot (2 ch fastened back in preceding st), ch 7, p ch 3, join with a d between 4th and 5th d; repeat from * around. *3d round*—Sl to middle of loop, * ch 3, p, ch 7, p, ch 3, d in middle st of loop: repeat from * around. Cut and fasten thread.

DOUBLE CROCHET BAND. *1st round*—Fasten thread (No. 100) to middle of loop; with No. 2 needle * ch 5 loosely, d in middle st of next loop; repeat from *. *2d round*—Crochet loosely 1 d in each st of ch. Continue 5 rounds of d, making it lie flat by widening, (2 d in 1 d) occasionally in the 3d round; cut and fasten thread.

POINTS. *1st round*—With No. 40 thread and No. 12 needle, ch 3, p, ch 7, p, ch 3, join with d in crocheted band about ⅝ of an inch from starting-point; repeat, making 70 loops around. *2d round*—Sl to middle of loop, make the same picot loops of "ch 3, p, ch 7, p, ch 3," all around, joining with d in middle of loop below and having 70 loops. *3d round*—Divide loops in 10 groups of 7 loops each, sl to middle of loop, ch 10, p, ch 3, d in middle of loop; repeat over one group of 7 loops, omitting last picot, turn. *4th round*—Sl to middle of loop, ch 10, p, ch 3, d in middle of loop, ch 3, p, ch 7, p, ch 3: repeat over each loop of this group, omitting last picot, turn. *5th round*—Sl to middle of loop; repeat loops as in 4th round, having 4 loops, cut and fasten thread. Repeat around the linen, making 10 points, ending with 4 loops each. Sew ends of two petals of flower motif to middle of

FIG. 3. IRISH CROCHET DOILY

two middle loops of each point. Sew round motif in the space between these points, as shown in the illustration. One loop is left between round motif and flower. *To fill this space*—* Tie thread to round motif, ch 6, d to middle st of loop, ch 6, d in end of flower petal; repeat from * at each section. Tie No. 100 thread to round motif in the same st the 6 ch was fastened (use No. 2 needle), ch 2 loosely, catch in end of the same flower petal in which ch of 6 is fastened, ch 5, catch in end of next flower petal, ch 10, catch end of flower petal, ch 5, catch end of flower petal (where end of 6 ch is fastened), ch 2, catch in round motif (where end of 6 ch is fastened), d back and forth 5 rows, catching in round motif at each end and widening exactly in the middle of second and fourth rows; this forms the point.

EDGE. *1st round*—Tie No. 40 thread to end of point, * ch 3, p, ch 7, p, ch 3, join with d at one-third the distance from point to round motif; repeat once from *. Across the angle between point and round motif make a picot loop of ch 3, p, ch 3, p, ch 3, and around the motif make 5 loops of ch 3, p, ch 7, p, ch 3; repeat around. *2d round*—Sl to middle of loop, make all around picot loops of ch 3, p, ch 3, p, ch 3, p, ch 3, join with d in middle of loop below.

LEAF.—No. 40 thread, No. 12 needle. *1st row*—Ch 8, turn. *2d row*—Miss 1, 7 d, ch 3, turn work on around. *3d row*—8 d, ch 3, turn. *4th row*—8 d, ch 3, turn. *5th row*—10 d, fasten off, leaving four or five inches of thread.

FLOWER.—Having made six leaves, hold firmly and evenly between thumb and forefinger of left hand, twist the loose threads tightly together and sew through and through the stem, cut about one-third inch from the flower and fasten back against one of the petals. Make ten flowers.

ROUND MOTIF.—No. 100 thread and No. 2 needle. *1st round*—Ch 3, join. *2d round*—6 d. *3d round*—12 d. *4th round*—24 d, join with sl. *5th round*—Ch 3 (as 1 t), * ch 4, miss 2 d, t over next d, ch 4, miss 2 d, 1 t over next d, ch 4, miss 2 d, t over next d; repeat from *, making 9 t. *6th round*—* 5 d over ch, 1 d over t; repeat around. *7th, 8th, and 9th rounds*—D over each d. *10th round*—* 10 d over 10 d, widen in next d; repeat from *. *11th, 12th, and 13th rounds*—1 d over each d. *14th round*—* 5 d over 5 d, widen in next d; repeat. *15th round*—1 d over each d. *16th round*—Like 14th. *17th round*—Like 15th. *18th round*—Like 14th. *19th and 20th rounds*—1 d over each d. Sew nine leaves at regular intervals around motif, fastening each leaf with stitches at each end, leaving the middle loose.

There will be four loops along each side and one at the point. This finishes the first point, the other fifteen are made in the same way.

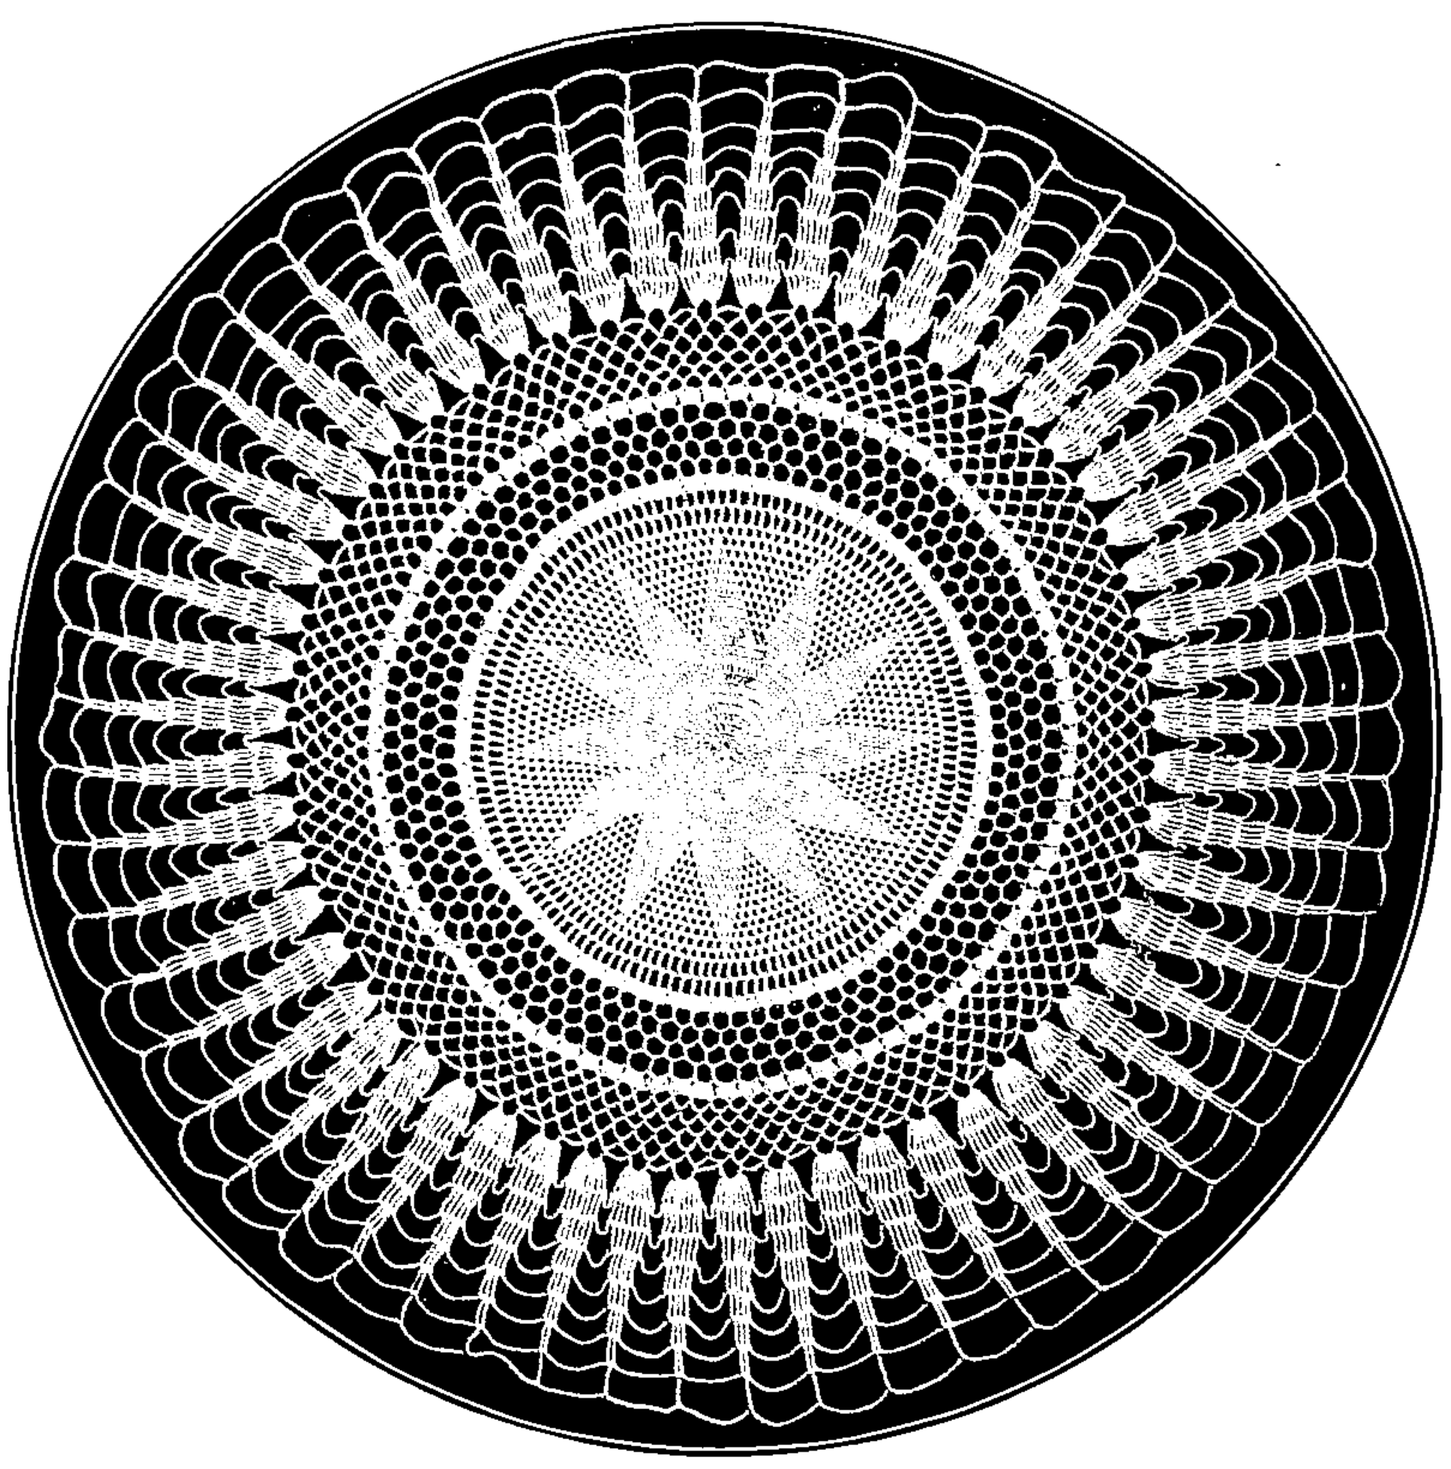

FIG. 5. OLD CENTREPIECE OF KNITTING COTTON. See page 6

Figure 5. Old Centrepiece of Knitting Cotton.—This beautiful piece of work is known to be over sixty years old, and shows how the great-grandmothers furnish models that are accepted to-day. The original measures 30 inches in diameter.

Materials.—Eight balls No. 10 knitting cotton; No. 5 steel crochet needle. Ch 6, join in a ring; (each round, to the 25th, is commenced with ch 3, as 1 t, and joined neatly with sl; and throughout, the work is done through two threads of the st below). *1st round*—Ch 3, 11 t, join with sl. *2d round*—Ch 3, 23 t, (2 t over each st). *3d round*—Ch 3, 2 t over 1 t, * 1 t over 1 t, 2 t over 1 t, repeat from * all around. *4th round*—Ch 3, 2 t, over 1 t, * 2 t over 2 t, 2 t over 1 t; repeat from *. *5th round*—60 t (2 over 1, 3 over 3). *6th round*—72 t (2 over 1, 4 over 4). *7th round*—84 t (2 over 1, 5 over 5). *8th round*—96 t (2 over 1, 6 over 6). *9th round*—108 t (2 over 1, 7 over 7). *10th round*—120 t (2 over 1, 8 over 8). *11th round*—132 t (2 over 1, 9 over 9). *12th round*—144 t (2 over 1, 10 over 10). In the 13th round the 12 points of the star are started,—Ch 3 (as 1 t), 11 t over 11 sts, ch 1, * 12 t over next 12 sts, ch 1; repeat from * *14th round*—Sl to second t; ch 3, 10 t over 10 t, ch 1, 1 t over ch below, ch 1, miss one st, * 11 t over 11 t, ch 1, 1 t over ch, ch 1; repeat from *. *15th round*—Sl to second t, ch 3, 9 t over 9 t, ch 1, 1 t over ch, ch 1, 1 t over ch, ch 1, miss one st, * 10 t over 10 t, ch 1, 1 t over ch, ch 1; repeat from *. Continue in this way decreasing the trebles (one in each round) in star points by missing the first t of group below, and increasing the open meshes by one. In the 24th round there will be 1 t in each point of star. *25th round and 26th round*—Sl to next ch, ch 4 (as 1 dt), ch 1, * 1 dt (two loops) over next ch, ch 1; repeat from *. *27th round*—Sl to next ch, ch 3, 1 t over same ch, 3 t over second ch, * 2 t over next ch, 3 t over next ch; repeat from *. *28th round*—Ch 7, miss 3, 1 t in next st, * ch 4, miss 3, 1 t in next; repeat from *. *29th, 30th, and 31st rounds*—Like 28th, with t over ch below, making four rounds of honey comb. *32d round*—5 t over each chain. *33d round*—* Ch 5, miss 3, join with d in every fourth st; repeat from *, joining with sl

at first 5 ch. *34th round*—Sl to third st of ch, make like 33d round. *35th round*—Like 34th. *36th, 37th, and 38th rounds*—Like 34th, except make 6 ch in each mesh instead of 5 ch. This makes 6 rounds of netting and the work is ready for the 8 rounds of border. If there are 112 meshes in this round there will be 56 groups in the border.

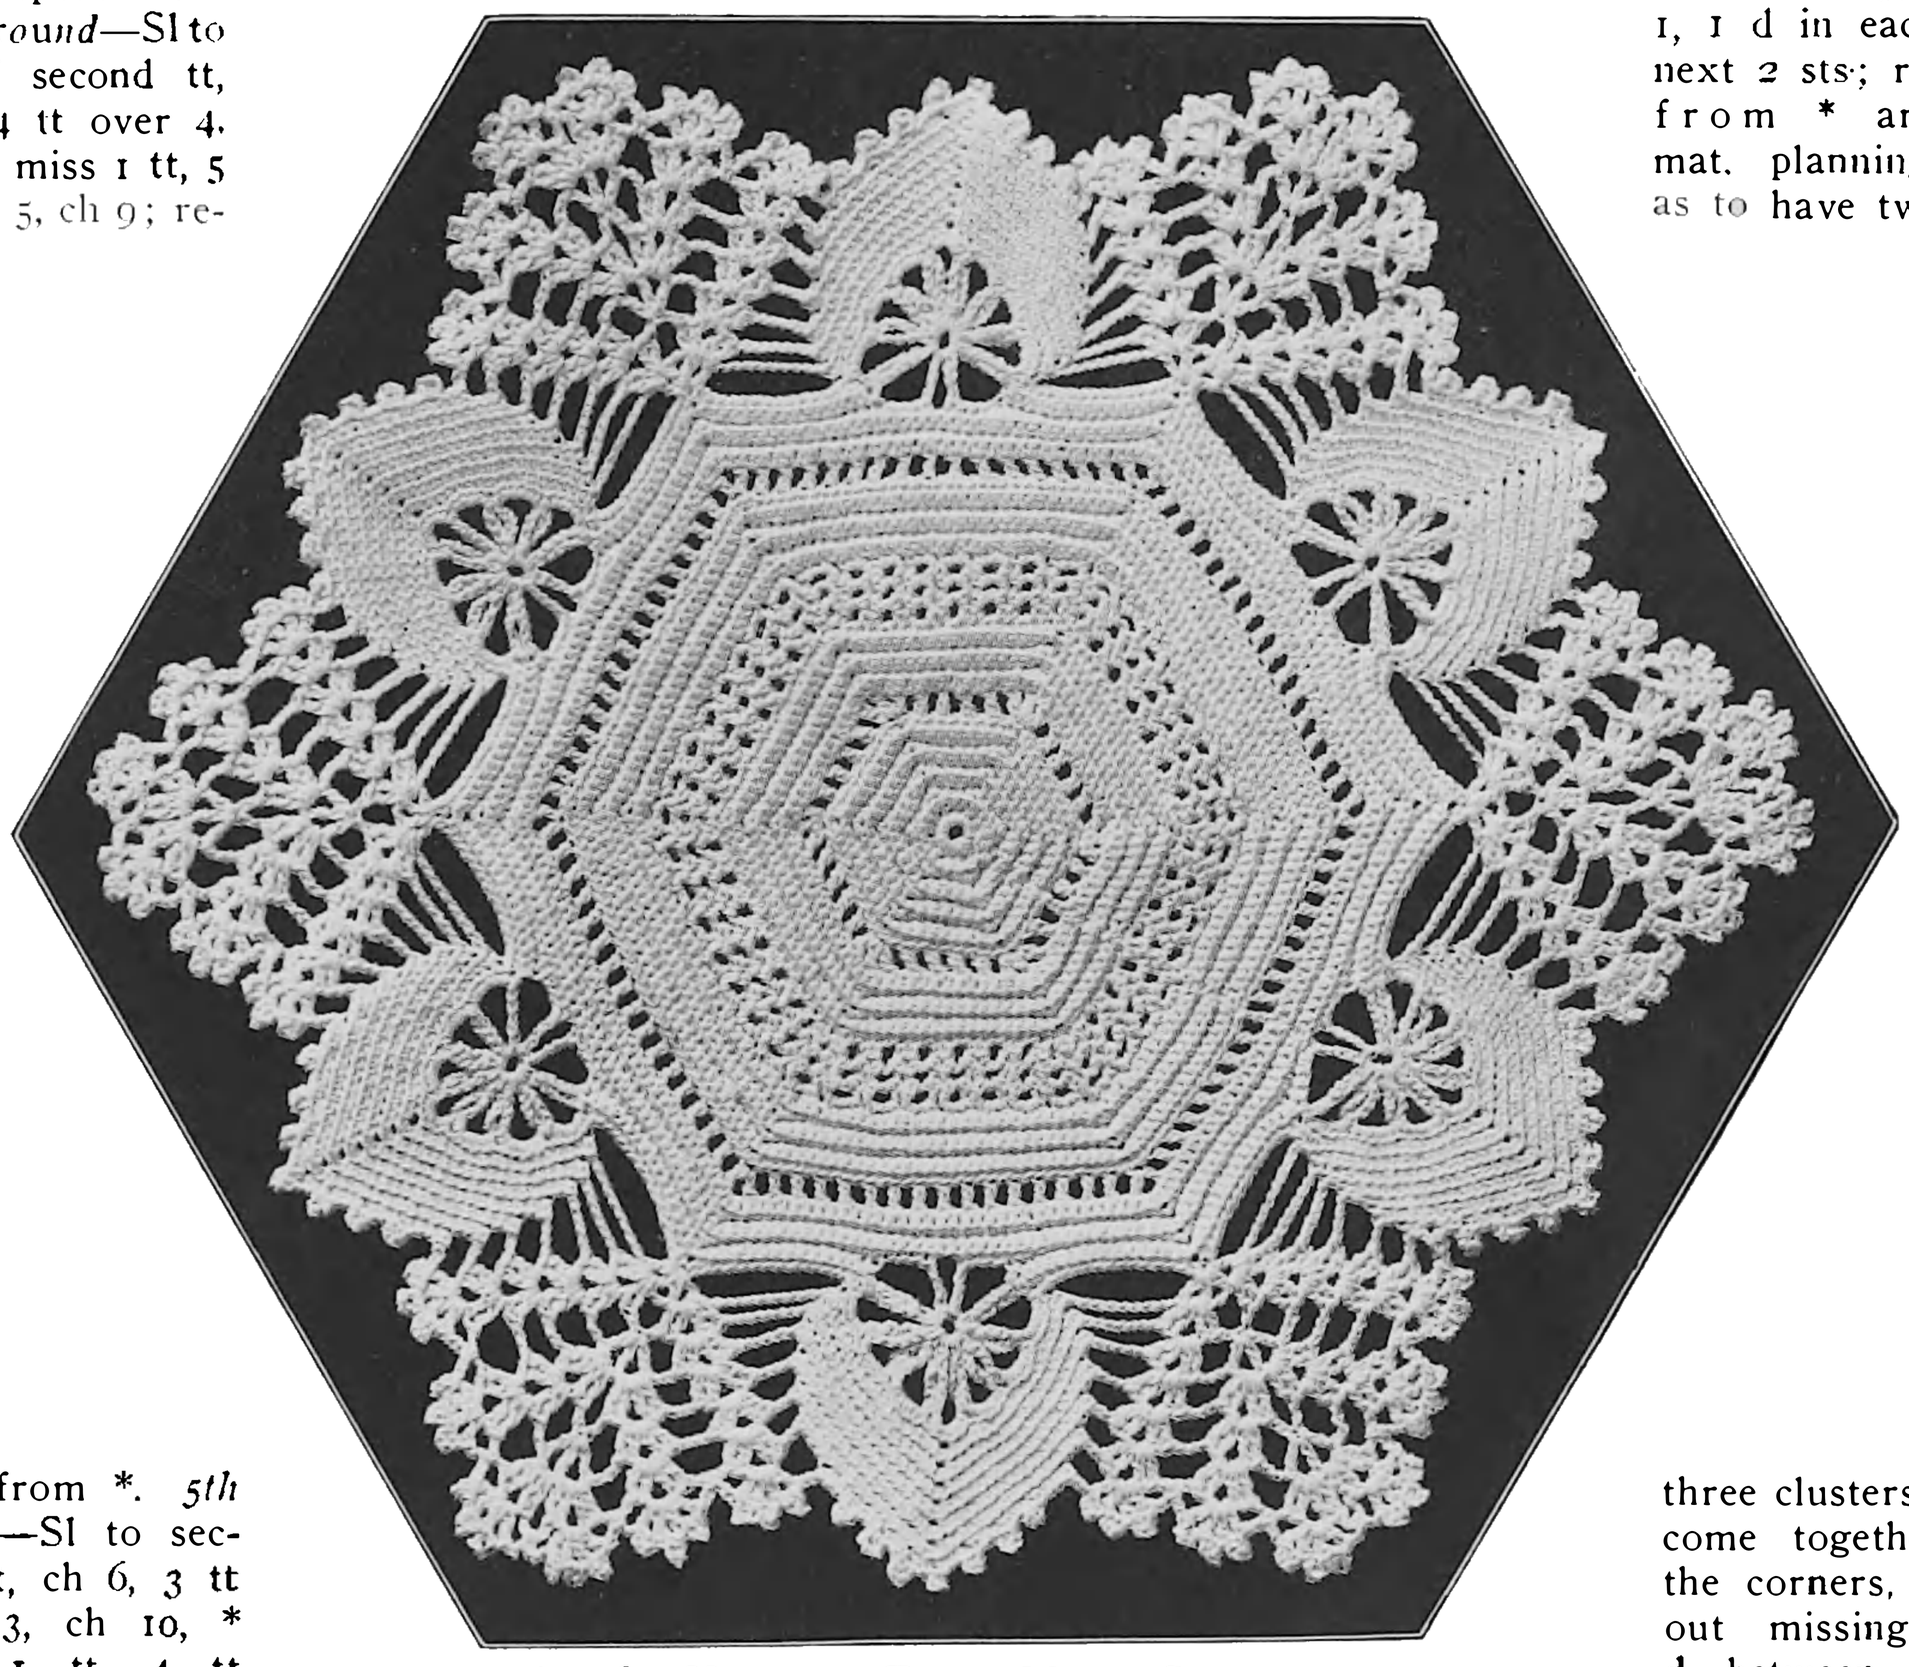

FIG. 6. HEXAGON TABLE MAT. See page 7

Figure 6. Hexagon Table Mat. *Materials.*—Crochet cotton No. 10 and a fine steel crochet needle.

1st round—Ch 2, 12 d in first st, join to first d, turn. *2d round*—Two d in first st, 1 d in next; repeat around, starting the 6 corners, turn. *3d round*—Double crochet all around, with 2 d in the first of each two widening sts of last round, turn. Repeat 3d round until there are 4 ribs (always working under the back loop of st to make this "slipper rib"), then with right side of work towards you work the first row of open meshes. Ch 4, miss 1 d, 1 t in next st, * ch 1, miss 1, 1 t in next st; repeat from * around, making 2 t with 2 ch between in one of the widening sts at each corner, and joining to the second of first 4 ch. With the wrong side of the work towards you, work 2 d under each 1 ch of last round, and 3 d under the 2 ch at each corner. Work 5 more rounds of d, widening as usual, which should give you 3 ribs on the right side of the work. Then make the wide openwork row, always keeping the right side of work towards you in working. Work 1 d in each of 2 sts, * ch 3, miss 1, 1 d in each of next 2 sts; repeat from * around mat, planning so as to have two or three clusters of d come together at the corners, without missing any d between them. *Next two rounds*—Make 1 d under the end of the first 3 ch, * ch 3, 1 d under same ch at the other end, then 1 d under the next ch; repeat from * for two rounds. *Next round*—3 d under each 3 ch of last round. Then work 6 rounds of d, widening at the corners as usual, and turning at the end of each round. One round of open-work is made like the first one, and 3 rounds (not ribs) of d, fasten thread.

Figures 7, 8, 9, and 10. Centrepiece and Doilies. *Materials.*—Linen spool thread, No. 60, steel crochet needle, No. 8, and white satin damask for centres.

The thread may be white or natural, as preferred; natural color gives the effect of Torchon or Cluny, while the pure

white matches the linen centre. Linen centre for Tumbler doily, about 1½ inches in diameter; for Bread and Butter, 2½ inches; for the Plate doily, 6¼ inches; and for Centrepiece, 9 inches. They should measure when finished, 6½, 8, 12, and 18 inches, respectively; and have in smallest doily 7 fans or shells, in second 9 fans, in third 18, and in Centrepiece, 12 larger fans. They are all made in the same fashion, and the same directions apply to the different sizes, except Centrepiece, which is explained later.

Figure 7. Tumbler Doily. — Cut out the linen and overcast in both directions, from left to right and from right to left. Buttonhole the edge ⅛ inch deep, and not too closely together, 1-16 of an inch is not too much space to leave between stitches. Double crochet into each buttonhole-stitch all around and join with a sl. *2d round*—* 4 d over 4 d, always taking up both loops of st, ch 4, miss 2 d; repeat from * around, joining always neatly with sl. *3d round*—Ch 6, 2 d over second and third sts of group of 4 d, * ch 3, 4 t over ch, ch 3, 2 d over second and third d; repeat from * around, and when making last block of 4 t, make but 3 t and join with sl to third st of 6 ch; this 3 ch will serve as one of 4 t. *4th round*—Ch 4, 4 d over 4 d; repeat. *5th round*—Like 3d round. *6th round*—Like 4th round. *7th round*—Ch 3, 1 t in every st of previous round, join and it is ready for the fan border. *8th round*—Ch 3 (as 1 t), 6 t over next 6 sts, * ch 5, miss 2, 7 d over 7 sts, ch 5, miss 2, 7 t over 7 sts; repeat from *. Now proceed with the next six rounds, increasing (in each round) 1 ch st between trebles and decreasing one in each group of d by working between sts. In the 9th round there will be 6 d, and 1 ch between trebles in the fan. In the last round the doubles will have diminished to one, and there will be 7 ch between trebles of the fan. A picot edge is made as follows: * Ch 3, picot of 4, ch 3, d over next ch; repeat from * around.

Figure 8. Centrepiece.—The centrepiece is started in the same way as Fig. 7, but repeats the 3d and 4th rounds once more, making them 3 times instead of twice. The *9th round* is the solid round of trebles. *10th round*—13 d over 13 sts, ch 8, miss 6, 13 t over 13 sts, ch 8, miss 6; repeat around, join with sl. *11th round*—12 d over 13 d, ch 8, 13 t (with 1 ch between), ch 8. Decrease 1 d each round, increase 1 ch between trebles in 12th round and every second round thereafter, having 7 ch between t in last round, and 1 d at point. Make picot edge as for Tumbler Doily.

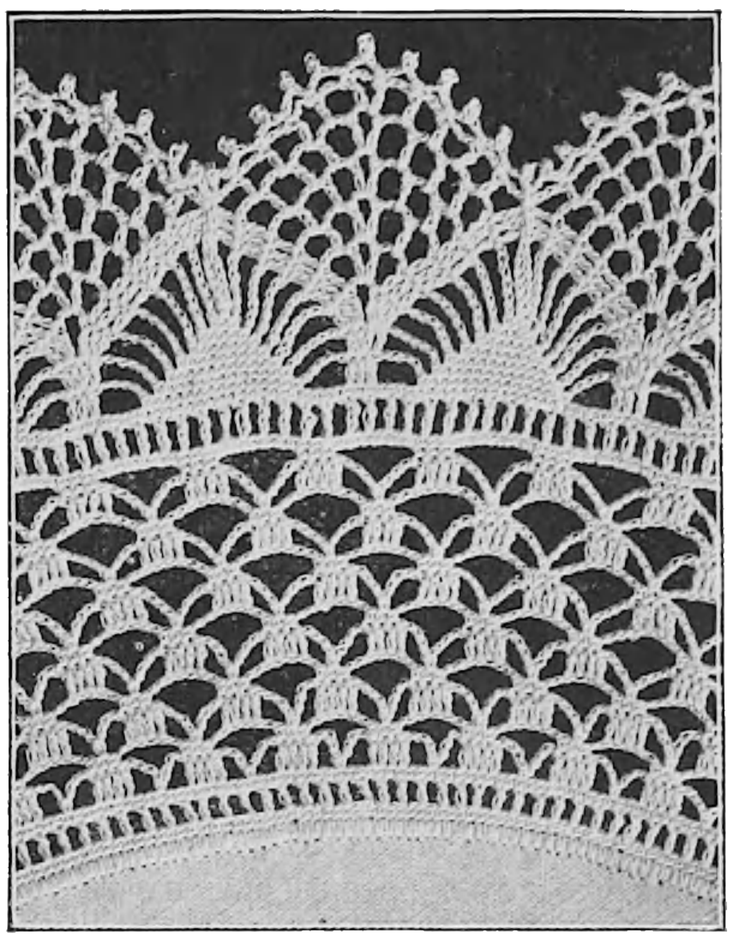

FIG. 24. DETAIL OF FIG. 25

Figure 20. Cup and Saucer Doily.—The circular pattern should be 3¾ inches in diameter, divided into 10 scallops and 85 stitches all around.

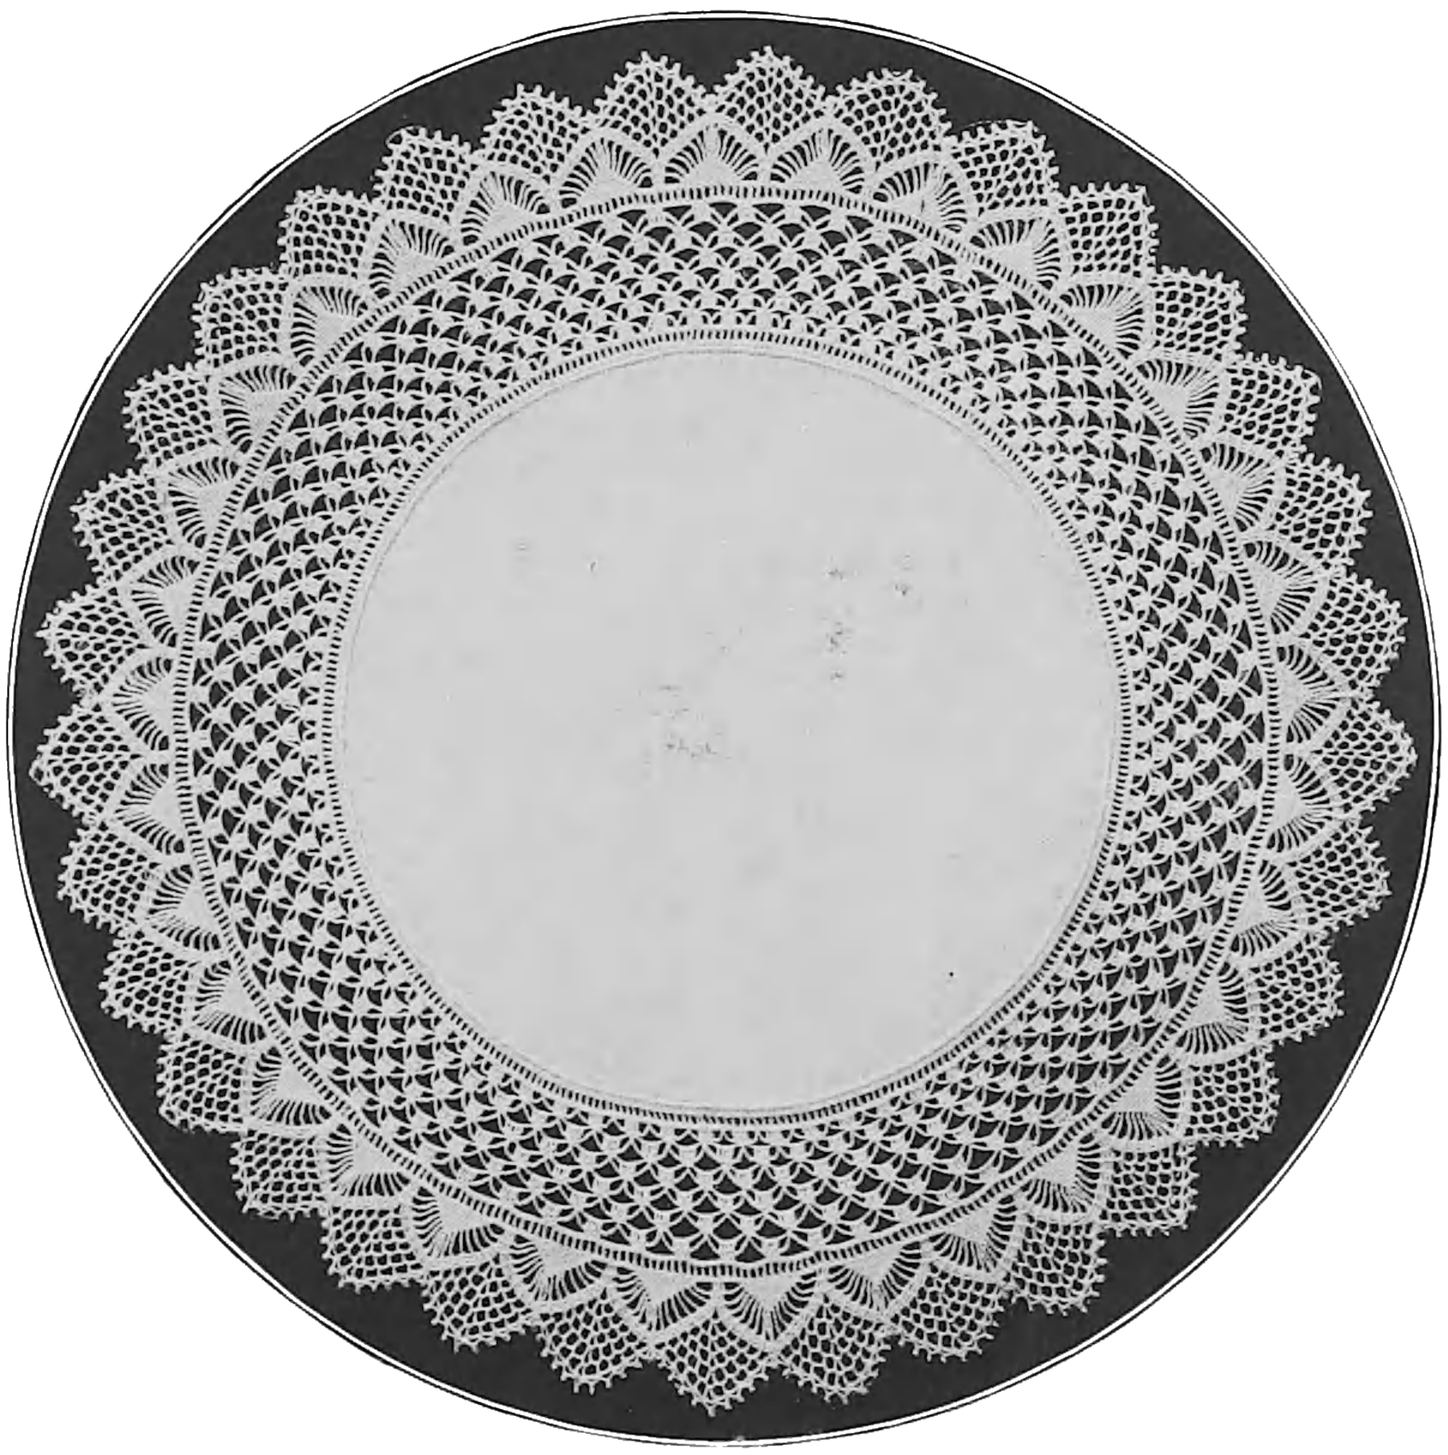

FIG. 25. CENTREPIECE. See Fig. 24 and page 16

Figure 21. Plate Doily.—The pattern should be 6 inches in diameter, 14 scallops, and 119 stitches.

Figure 22. Centrepiece.—This is 10 inches in diameter, 21 scallops, and 178 stitches all around. The second and third rounds are repeated before adding the scallops, and in fourth round there are 2 ch between dt instead of 1 ch, and in the fifth round make 3 d over last mesh.

The doilies will curl somewhat before laundering, but will iron out straight. The most satisfactory way to dry them

is to stretch them on the ironing-board and pin out each picot.

7th row—8 open meshes, block of 4, * ch 5, dt over next 2 ch, ch 5, block of 4, ch 3, dt in second d, ch 3, block of 4; * repeat from * to *, ch 5, turn. The work may be continued from the illustration; the 13th row finishes the work as far as the corner; the open meshes decrease one in each row until there are two open meshes in the 13th row. Turn at outer end of 13th row with 10 ch, and work 14th row as far as shown in illustration of detail of work, ch 5, turn. Work back and forth, always turning on the diagonal edge with 5 ch. There will be 8 of these loops on the diagonal when first half of corner is finished. After the 8th loop ch 5, turn, make block of 4 over ch between 2 blocks of 4, ch 5, turn, d into 4th of last block of 4, ch 10, turn, 1 t in 8th st from needle, 3 t over next st, ch 2, 1 t in same st with d made after 5 ch, 3 t over 8th loop, ch 2, d into next (7th) loop, ch 3 (for 1 t), turn, 3 t over 2 ch, ch 5, dt over 2 ch between blocks of 4, ch 5, t over last of next block, 2 t over next ch, 1 t into next ch st, ch 9, turn, t in 7th from needle, 2 t over ch and 1 t over next t. Finish rows to diagonal edge, making last 4 t under the 3 ch at end of block of 4 in last row, ch 2, d in next loop of 5 ch, ch 3, turn, 3 t over 2 ch; finish from illustration.

When working toward the corner, finish rows with 4 t over the 3 ch at end of block, then ch 2 and d in next loop on diagonal edge. When working away from the corner, begin rows with 3 ch and 3 t over next 2 ch. In the first row after corner (working from outer edge toward inner edge) after last block of 4, ch 2, t in top of 3 ch at end of next block, ch 2, t over t between the 2 open meshes at end of last row before beginning corner, ch 2, t at end of last open mesh; this makes 3 open meshes at inner end of this row; there will be 4 in the next row, and so on, increasing to 10 open meshes. Fit a square of linen for the centre.

The edge of the cretonne may be rolled or hemmed, and the crochet stitches made about an eighth of an inch deep. No. 30 crochet cotton and No. 8 or 9 crochet needle are used.

Figure 54. **C**rochet Lace **in C**luny Design. *Materials.*— Crochet cotton No. 50, crochet needle No. 12

This lace is designed for a round or oval centre-piece; it is made of daisy motifs, crocheted separately and joined. Each daisy, with the net worked around one end, makes an oval medallion.

TO MAKE THE DAISY.—* Ch 8 for a petal, turn, miss 1 ch, (1 d, 1 dt, 3 t, 1 ht, 1 d) into the 7 ch; this makes the first petal; repeat from * until there are 9 petals, join in a circle and sl up the side of first petal to the tip. *1st round*—Ch 6, * 1 d on tip of next petal, ch 6; repeat; from this the work is in rows around part of the daisy.

1st row—* Ch 3, sl in every second ch st; repeat until there are 18 meshes of 3 ch, this will cover 5 chains and tips of 6 petals. *2d row*—Ch 2, sl on middle of first mesh, decreasing the number of meshes, * ch 4, sl on next mesh; repeat from *, omitting 1 mesh at the end and joining the last time (without any ch) with 1 t, this rounds off or evens the curved edge; turn and repeat the 2d row until it is worked to a point, cut and fasten thread. Make as many of these oval medallions as are necessary to fill the circumference, join them in making the first round of inside border.

Having the right side of daisy toward one, fasten the thread in the last mesh of first row of meshes. The whole inside edge is a series of Irish lace picot loops made as follows,—Ch 6, d in fifth ch from needle for picot, ch 6, 1 d in fifth ch, ch 1; this will be called a picot loop. * Make 1 picot loop, 1 d on middle of ch between petals; repeat from * 4 times more, 1 picot loop, d over first mesh on medallion, 1 picot (only), 1 d on mesh of second medallion, 1 picot, turn and make 1 t between the last two picots of first medallion (this helps to fill the indents between motifs), turn and make 1 picot, 1 d on middle of ch on second daisy; repeat from * until all are joined, sl to middle of first loop.

2d round—Picot loop joined with d to middle of picot loop below; between motifs join with 1 t. *3d and 4th rounds*—Like 2d round, joined always with 1 d. *5th round*—T over picot, ch 3, * 1 t over next picot, ch 3.

First round outside border—This is a series of meshes of * ch 4, sl into next mesh; repeat from *, joining between medallions at 3 meshes. *2d round*—Meshes of (ch 3, sl into next mesh) joining 3 meshes between medallions. *3d round*—* One dt and 5 ch picot (joined with t to top of dt); repeat from * over each mesh.

Make 5 ribs before the first open round, 6 ribs before the double openwork, and 5 ribs next the edge of blue.

For the larger oval mat (9 x 14) begin with ch 3¼ inches long, make 5 ribs, an open round, 7 ribs, double openwork, 6 ribs, last open row, 3 ribs and edge of blue.

Figure 83. Doily. *Materials.*—Number 20 crochet cotton, No. 8 crochet needle. This doily is made in 11 sections, the second attached to the first when finishing the second section. Fig. 82 gives a detail of the work.

Chain 6, * thread over 3 times, insert the needle in first ch st, thread over, crochet off by twos until two are left on the needle; repeat from * once more, then crochet off the last 3 together. Repeat from the first, ch 6, etc., until there are 10 Cluny groups of 3, make a loop of the last four groups and join the last one to the 6th group with 1 d, make 2 more Cluny groups (6 ch, 2 long t), and join with d to top of 4th group, 2 more groups and join to top of second group, 2 more groups and join to first ch st.

Now work around the groups as follows: *1st row*—Ch 10, d in top of first group, ch 12, d in top of third group, ch 12, d in top of 5th group, ch 12, d in top of seventh group, ch 10, d at end of 8th group, ch 10, d after 9th group, ch 12, d after 11th group, ch 12, d after 13th, ch 12, d after 15th, ch 10, d after last group. *2d row*—Ch 4, * (1 t, ch 1, 3 t, ch 2, 3 t, ch 1, 1 t) over 10 ch; repeat from * in each of three 12 ch loops, over the next 10 ch loop make (1 t, ch 1, 3 t, ch 2, 3 t, ch 2, 3 t), ch 3, and make the same over the next 10 ch loop; over three 12 ch loops and one 10 ch loop work as on the first side, turn. *3d row*—Ch 5, * 1 t over 1 ch, ch 3, (2 t with 1 ch between, ch 3, 2 t with 1 ch between) over 2 ch, ch 3, 1 t over 1 ch; repeat from * 3 times more, 1 t over 1 ch, ch 3, (2 t with 1 ch between, ch 3, 2 t with 1 ch between) over 2 ch, ch 3, 2 t with 1 ch between over 2 ch, ch 3, (2 t with 1 ch between, ch 3, 2 t with 1 ch between) over 3 ch at point, ch 3, 2 t with 1 ch between over 2 ch, ch 3, 1 t over 1 ch, work next 4 groups as first 4 groups, ch 5, sl to beginning, turn. *4th row*—Ch 5, 1 t over 3 ch, * ch 3, 1 t over 1 ch, picot of 4 joined with d, 4 t (with picot after each) over 3 ch, 1 t over 1 ch, ch 3, 1 d between 2 t; repeat from * all around, ch 5 and join with sl at starting point. This completes one section; make 10 more, joining them together at the middle picots of the last three groups.

After the 11 sections are completed and joined to form a circle, fasten the thread at the last picot, * ch 4, d into loop at lowest point of section, ch 4, 2 long t (thread over 3 times) into 6 ch at starting point, ch 4, d into loop at lower point, ch 4, d into first picot of first group, ch 4, d into last picot of last group on next section; repeat from *; this makes a ch to sew to the linen centre.

This completes one medallion; make a second one, and after the fourth t on the sixth ray of star, join to first medallion as follows: Ch 2, 1 d in 5 ch after 4 t on a ray of first medallion, ch 2, 1 d in next 5 ch on second medallion; repeat the 2 ch, joining alternately to the 5 ch loops until the last loops before the next rays are joined, ch 2, miss 2 t, 4 t on 4 t, ch 5, etc., finish out the round and fasten. Make 5 more medallions and join in the same way, joining the seventh medallion (between the third and fourth rays of last round) to the first; and making the fifth and sixth rays, then join to the sixth medallion as before.

OUTER EDGE—Make 5 ch loops all around, joining in loops below with 1 d; there is one exception, after last d on 2 ch of one medallion omit the 5 ch, making 1 d on 2 ch of next medallion. *2d round*—8 d over each ch. *3d round*—Sl over 2 sts, make a group of 3 Cluny sts, (as in 4th round), miss 4 sts, group of 3 Cluny sts; repeat from * around one medallion, make the group of Cluny on first 3 sts of next medallion without the usual ch of 6 between it and the preceding group. *4th round*—(4 d, p of 5, 4 d) over each ch.

Figure 89. Doily.—This doily measures 4⅝ inches in diameter, the linen measures 2⅜ inches.

Materials.—Number 30 crochet cotton and crochet needle of uniform thickness the whole length, about the size of No. 10. The larger working model Fig. 90, is made of No. 2 crochet cotton and a fine bone needle used for Afghan stitch. The directions will be given for making this edge, which is worked back and forth and joined to a chain at the inner line, see Fig. 90. The same work can be made around a linen centre, with close double crochet ⅛-inch deep finishing the linen.

Chain 10 sts for every point to be made and ch 10 in addition for the side of the first point, picot of 4 joined with d, ch 1, turn, (it will be noticed that in turning one works back and forth but does not turn the work; it is all done from the right side like Afghan stitch), * thread over twice (as for dt), join in second ch st from picot and crochet off two loops only, leaving the others on the needle, make from * 4 times altogether, 1 t in the second ch st; crochet off by twos until only one remains on the needle, this completes the first row. *2d row*—Picot of 4 joined with d, ch 1, * thread over twice, join in first dt below, crochet off two loops only; repeat from * over each dt, and the fifth time join around the t of last row, 1 t into second ch st, crochet off by twos as before. Continue until there are 5 picots, and the row of dt following the 5th picot is finished, picot, 1 t over dt, picot, 1 t over dt, etc., alternate picots and trebles until there are 5 t and 6 picots (counting the one at the point); then make 4 dt, crocheting off two loops of each and leaving the rest on the needle, 1 t into second ch; repeat from the beginning of second row. The pattern is completed in 6 rows, but the lower part of the 6th row corresponds with the first row of the first point.

In the doily (Figure 89, page 42) there are 7 rows to each point, and but 3 dt are made in the first row, 4 dt in the second, 5 in the third, 6 in the fourth, 7 in the fifth, 8 in the sixth, and 6 t and

3 dt in the 7th row. One could vary the count indefinitely, but the principle remains the same,—dts, crocheted off once, while the other loops are left on the needle to be crocheted off in twos. The curve may be varied by the joining in the chain or edge of linen; joined very closely makes a small circle, joined every second ch or st makes a larger circle, and joined every third ch or st will make a straight edging.

Figure 91. Doily. *Materials.*—Number 20 crochet cotton and No. 8 crochet needle.

Doilies with this edge may be made in various sizes if the number of d in first round is a multiple of eight. For the one illustrated mark linen 7½ inches in diameter, machine stitch a quarter of an inch from the line; lengthen stitch, and without thread stitch back of stitching to form a row of holes to crochet into; cut out on the line and d into every hole made by the needle, making the number of d divisible by 8, join with sl.

1st round—* Ch 5, Cluny group of dt made in this way,—thread over twice, join in first ch st, crochet off 2, and 2, thread over twice, join in same st, crochet off by twos; repeat from *, 1 d in 8th d; repeat from first of round. *2d round*—Ch 6, d between first two Cluny groups, make 2 groups (as from * to * in 1st round), d between next 2 groups, 1 Cluny group, * ch 12, turn hook up over thread back and sl to point between 1st and 2d groups of 2d round, cover 12 ch with (4 d, picot of 5 joined by sl, 4 d, picot, 4 d, picot, 4 d), 1 Cluny group, d between next two groups of 1st round, 1 Cluny group; repeat from *. Join the last Cluny group with sl to finish the round, ch 6, d between 1st and 2d groups, ch 12 and cover as before. Fig. 92 shows a detail of the work.

Figure 93. Doily.—This combination of square medallions is recommended for a variety of uses, since it can be made in any length or width. Its use for yokes, all-over laces, centrepieces, and doilies of

any required size, insertion or edging will prove satisfactory. It works out beautifully in crochet cotton Nos. 70 and 100, and coarser threads are equally effective. Use a crochet needle to suit the size of cotton. (See cover design and page 48.)

Each little square is made separately and joined to the others in working. The first square is made as follows: Ch 8, join with sl. *1st round*—Ch 3 (as 1 t), 15 more t in the ring, join with sl to 3 ch. *2d round*—Ch 4, 15 t (with 1 ch between) over 15 t below, join with sl in third of 4 ch. *3d round*—Sl once into first ch, ch 8, 1 t over same ch, ch 5, * miss one mesh, 1 t in next mesh, ch 5, 1 t in same mesh, ch 5, * repeat from * to * around, join with sl in third of 8 ch. *4th round*—Sl once on first ch, ch 3, 4 t over first mesh, 4 t over next mesh, 5 t over next mesh, ch 8, miss one mesh, * 5 t over next mesh, 4 t over next mesh, 5 t over next mesh, ch 8 *; repeat from * to * for the two remaining sides, join with sl and fasten thread.

The next square is made in the same manner until the block of 14 t is finished on the third side of the

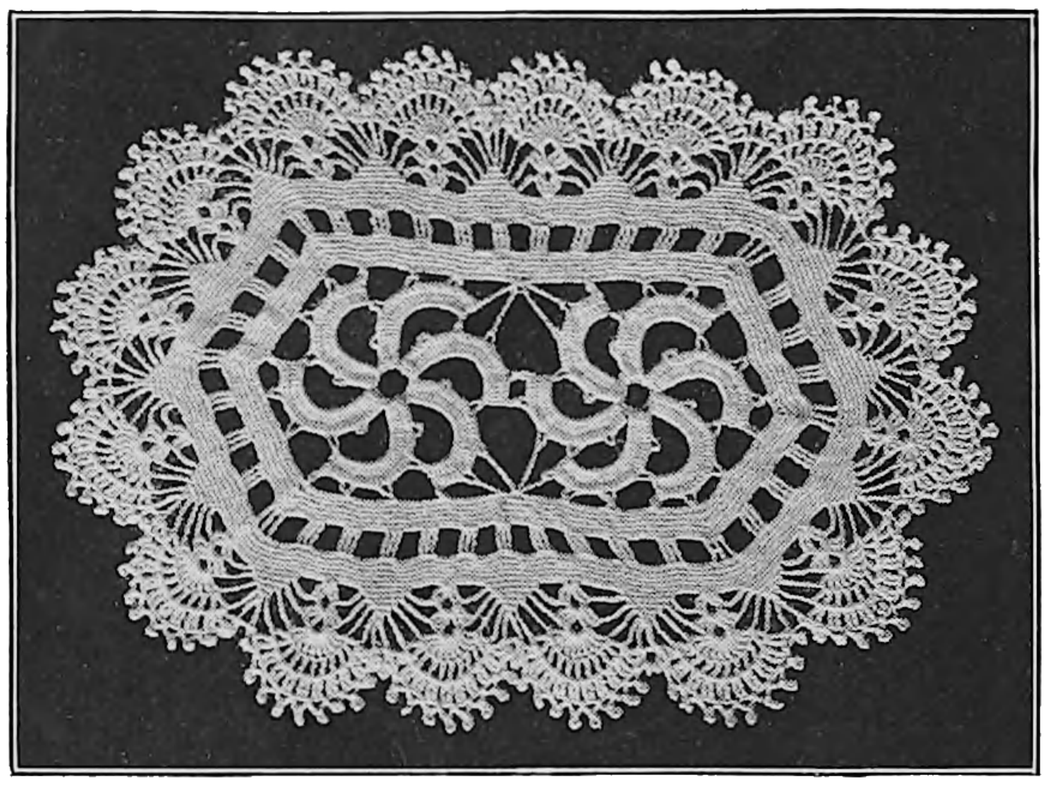

FIG 97. DOILY. See page 46

last row of the square, then proceed as follows: Ch 4, join with sl to middle of 8 ch on first medallion, ch 4, miss one mesh, 5 t over next mesh, join to corresponding st on first medallion, 4 t over next mesh, join to corresponding st on first medallion, 5 t over next mesh, ch 4, join with sl to middle of 8 ch on first medallion, ch 4, sl to beginning of round (see detail, Fig. 94). Medallions may be joined to others on two, three, or four sides in the same way. Forty-eight medallions are joined in the doily, and 3 rounds of crocheting surround the whole. *1st round*—(1 t, ch 1) over every other st, making 5 t with 1 ch between, in each corner. *2d round*—(2 t, ch 2) over every other mesh, except at corners, where 2 t are worked in every mesh. *3d round*—1 t in every st all around.

Figure 95. **Doily.** *Materials.*—No. 40 or 50 crochet cotton and No. 12 crochet needle.

Knot stitch (k) is used in this very handsome doily. To make a knot, draw out the st on needle until it is about ¼ inch long, catch working thread and draw through st, insert needle in front of long st and under the thread which was drawn through and make 1 d.

To make a scallop, ch 15, join. *1st row*—30 d over ring, join. *2d row*—Ch 15, d in same st from which ch started, ch 15, d in next st, * ch 15, d in same d, ch 15, d in next d; repeat from * until there are 20 loops, miss the rest of the ring, ch 8, turn. *3d row*—D in first loop, * ch 4, d in next loop; repeat from *, after last d, ch 5, turn. *4th row*—D over first ch of 4, * ch 5, d over next loop; repeat from *, ch 5, turn. *5th, 6th, and 7th rows*—Like 4th row; after last d of 7th row, ch 1 to turn. *8th row*—Make a knot stitch (see above), draw out st and make another k, d over next loop, * 2 k sts as before, d over next loop; repeat from *, (there should be 20 of the double k sts), after the last d, turn. *9th row*—2 k as before, * d under the 2 threads of next open st and close to k, d in next open st (after k), 2 k; repeat from *, turn. *10th, 11th, and 12th rows*—Like 9th; there are now 5 rows of ks, which complete the scallop; make 6 scallops, join them to a linen centre as shown, with edges overlapped. The linen should be hemmed or buttonholed, and the lower edge of scallops sewed to it by overcasting the ch and k sts which are on this edge. The open side of the ring is also joined, making the ring flat on that side. Figure 96 gives a detail of the work

The Most Helpful Magazine For Women

There are many magazines devoted to *stories*, many others filled with miscellaneous matter of more or less value and general interest; but there is just *one* magazine that specializes in the two subjects most closely associated with the average woman's daily life—***"Fancy-Work"*** and ***"Housekeeping"***—with just enough clever, wholesome fiction added to give zest. That magazine is

The Modern Priscilla.

WHAT "FANCY-WORK" MEANS

When they see or hear the word *"Fancy-Work,"* many people think only of *Art Needlework.* But as used by THE MODERN PRISCILLA, the expression *"Fancy-Work"* has a much broader meaning. It includes not only *Embroidery,* in all its manifold varieties, but it includes as well such feminine handicrafts and occupations as *Knitting, Crochet, Lace-making, Weaving, Netting, Tatting, Basketry, Bead-work, Oil, Water-color, and China Painting, Stenciling, Art Brass Work, Art Leather Work, Pyrography,* and the like.

In THE MODERN PRISCILLA space is devoted to *all* these subjects from time to time, and no other magazine covers them half so thoroughly.

WHAT PRISCILLA GIVES

In connection with what is broadly termed *"Fancy-Work,"* THE MODERN PRISCILLA gives a three-fold service: 1. It supplies designs in infinite variety and of rare beauty (from 50 to 100 each month), with patterns for those who desire them. 2. It gives detailed and explicit instruction, so clear and complete that any woman of average intelligence can gain proficiency in the work that most appeals to her. 3. It provides a wealth of suggestions for the practical use and application of the knowledge thus gained.

HOW FASHIONS FIT IN

This last service is especially noticeable in the *Fashion Department,* where in addition to sane and sensible adaptations of the latest modes, the use of the most appropriate embroidery is pictured and described in connection with each costume illustrated.

HOW PRISCILLA SAVES ITS COST

"Fancy-Work," it will now be seen, at least the *"Fancy-Work"* that THE MODERN PRISCILLA stands for, is no frivolous occupation for idle hours, but a decidedly *useful* occupation, that will supply at small cost many a dainty bit of wearing apparel or household decoration that could otherwise be had only at considerable expense, or perhaps could not be afforded at all.

Many a subscriber has gratefully acknowledged this debt to Priscilla, more than a few asserting that *a single copy* has often suggested economies amounting to more than the year's subscription price.

HOW A GOOD MAGAZINE WAS MADE BETTER

Much as can truthfully be said about the *"Fancy-Work"* value of THE MODERN PRISCILLA, scarcely half the story has been told.

In 1911 the publishers of THE MODERN PRISCILLA purchased the well known domestic science magazine called *"Everyday Housekeeping,"* and in due season merged it with their older publication, making what has well been called a *"Double Value Magazine."*

THE MISSION OF "EVERYDAY HOUSEKEEPING"

"Everyday Housekeeping" is now a distinct and separate section of THE MODERN PRISCILLA, and it is the aim of the editors to make it of the greatest possible helpfulness to Priscilla readers.

Its recipes are economical, appetizing and nourishing, its special articles are authoritative and deal with practical subjects, its hints, helps and suggestions are gleaned from the experience of housekeepers the country over.

THE PRICE SMALL—THE VALUE UNUSUAL

When all the foregoing is considered, even the most critical must admit that at $1.00 a year THE MODERN PRISCILLA is an exceptional value (Canadian subscription price, $1.25) and that its steady growth in circulation from a few hundred copies 25 years ago to nearly 400,000 to-day is but the natural outcome of its policy of helpfulness.

The news-stand price of THE MODERN PRISCILLA is 10 cents a copy. Orders for subscriptions should be sent to *The Priscilla Publishing Company, 85 Broad Street, Boston, Mass.*
